## INTRODUCTION

Our interest in family genealogy and a desire to preserve our history has inspired this book and those to come. We hope you feel as we do, in that it is very important for the records of our country and those of our ancestors to be preserved for our future generations to enjoy. So many are being destroyed or deteriorating for various reasons. Those of you who have any records on your families (especially old Bible records) or any counties are urged to contact us or someone in an effort to record these vital records.

This is the first volume for the cemeteries in Caddo Parish, Louisiana. There will be several more volumes, as there are several large cemeteries. We are finding many overgrown and lost cemeteries. If you have any knowledge of a lost cemetery in this area, please notify us. We would greatly appreciate it.

All of the cemeteries in Volume I have been copied by the members of Friends of Genealogy. They have spent many hours on this project. After the initial copying took place, we went to work on the computer, entering and indexing.

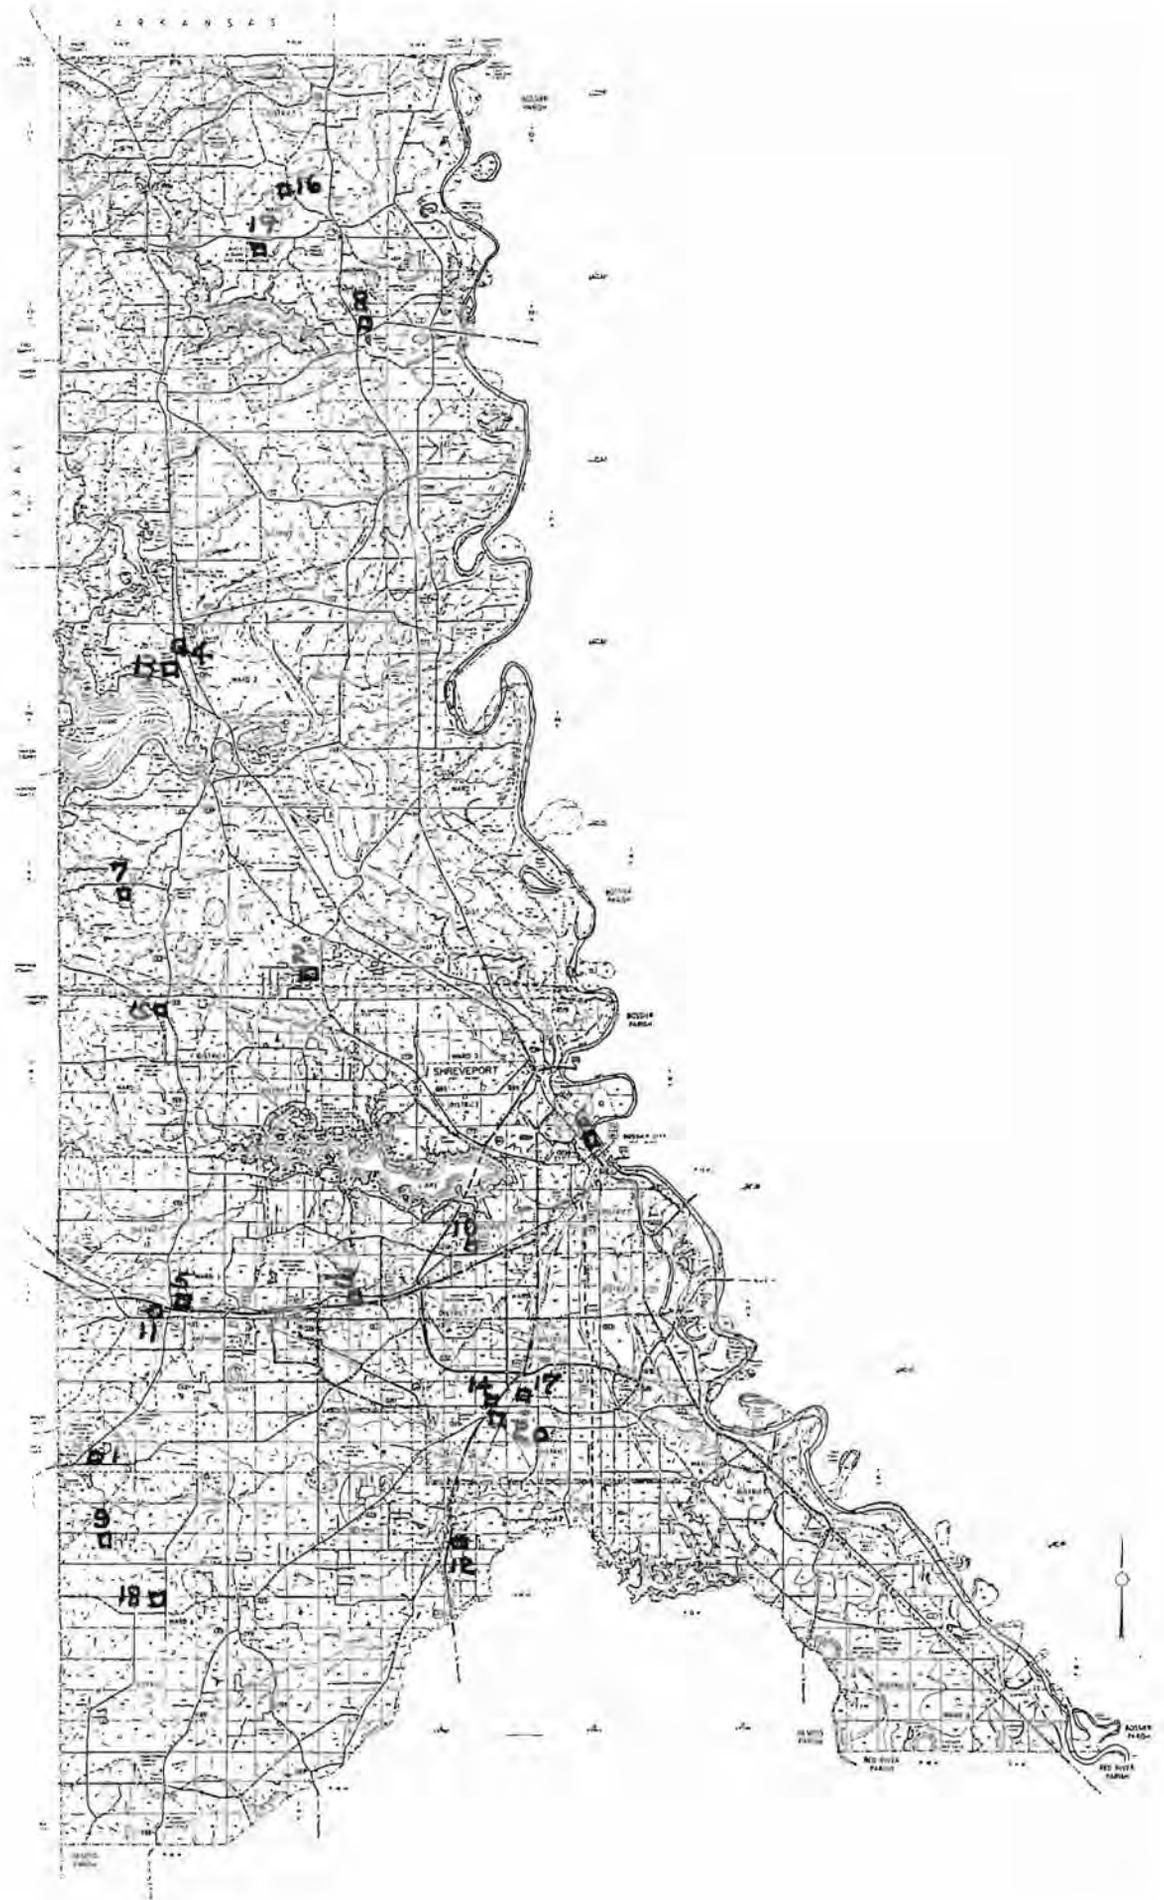

Every effort has been made to prevent errors, but as we are human, there is the probability that some were made. Some of the markers or stones were either eroded, faded, or broken so badly it was difficult to read correctly in some cases. Names contained were copied exactly as they appeared on the markers, even though it was obvious in some cases that the spellings were in error. No name has been omitted intentionally.

Each cemetery listed in this volume is arranged as buried by row rather than alphabetically. Also, every effort to make note of graves that were unidentified has been made. Many are marked by rocks, bricks, etc. Each cemetery is complete in its listing as of the date indicated on that particular cemetery. Any additions or corrections are solicited, including the names and dates of those buried without markers.

Some of the abbreviations used in this volume to conserve space and to give additional information are listed below.

h/o	husband of	*	double inscription
w/o	wife of	**	triple inscription
s/o	son of	***	quadruple inscription
d/o	daughter of	FHM	Funeral Home Marker
i/o	infant of	WOW	Woodman of the World
c/o	child of	WW I	World War I
md	married	WW II	World War II
yrs	years	CSA	Confederate States of America
mos	months		

A map of Caddo Parish has been included in this volume with the cemeteries marked. The number on each cemetery corresponds with the cemetery number listed on the Table of Contents.

HARWELL MARKER

Located on the Airport Road between the levee and the bayou (on the east side) is a lone grave marker.

HARWELL, Robert Rivers (b. Clark Co., Alabama; d. Caddo Parish)	Jul 1822	21 Aug 1904
--	----------	-------------

Note: Over the course of the development of the Freestate Park area in the 1950's a number of skeletons were found. These were estimated by the coroner to date from the latter third of the nineteenth century. The cemetery was entirely unmarked and is somewhat of a mystery as far as its origins are concerned. Nearby, on North Market, just off LaSalle St., is a small graveyard which appears to date from the late 1800's and remains in use as a negro cemetery. The above marker is not too far away.

## HOSS CEMETERY

Located about one mile off the Greenwood-Mooringsport Road, back in the woods on what used to be the Jacob HOSS place. Travel down a dirt lane just south of the Hammack Road, then by foot into the wooded area. The cemetery is located in Section 15 Township 19 Range 16. In 1970 this property was owned by the Trosopers of Greenwood. The cemetery is grown over and many of the stones were fallen over but most was still very legible.

JOHNSON CEMETERY

Located west of Shreveport, near the community of Greenwood, Louisiana. The area, off Bethany Road, is very rural and the cemetery quite overgrown. There is only one marked grave visible in it. This is one of the earliest cemeteries in Caddo Parish, though not the earliest.

JOHNSON, Martha Matilde (consort of B. M. Johnson)	12 Sep 1812
