FROM THE EDITOR'S DESK

Since this is my last issue as Editor of The Genie, I wish to take this opportunity to thank all of you who have been so generous with your time and your labor to help me get The Genie out each quarter. I could not have done it without your help; especially Ron.

My special thanks to The Tree Tracer of Lawton, Oklahoma, for the Reviews they have given us and to those who live out of state and have been so generous in typing information and sending it to us for The Genie.

I have enjoyed being your Editor, but time does not permit me to continue in this capacity. I have learned a lot, made a lot of mistakes, but I've given it my "best shot".

I wish to thank those of you who have complimented my work and those of you who have criticized it. It takes both of these to make an equal balance. I ask all of you to be as helpful to the next Editor as you have been to me and I offer my assistance whenever possible.

To make it possible for you to acquire back issues at the lowest price possible, our Board voted to sell back issues (before 1983) at \$5.00 per four (4) issues. Whenever possible, we will make these in consecutive issues. However, if you are interested in an item and we do not have all the issues you need, I will be happy to make a copy of that item and send it to you. All that is needed is for you to write me at my home address, 655 Buckelew, Shreveport, La. 71101, and be patient with me until I can get your copy to you.

REMEMBER----FOUR ISSUES FOR ONLY FIVE DOLLARS!!!!!!!!!!!!!!!!!!!!!!

HAPPY HUNTING. JUST DON'T GIVE UP.

Remember to greet everyone with a smile and a warm hello. It might not help them but it will surely make you feel better.

Mary Day

FROM THE PRESIDENT

Well it's time to step aside and let new hands take the helm of this splendid organization. The past years have been fun for me and I hope for those fine people who have done most of the hard work.

While we have not completed all the tasks we had outlined, I think our accomplishments have been phenomenal. We have gone forward at a good pace, have grown in membership, in services to the members of our organization as well as the public. Most of all we have grown in experience.

Three years ago a very generous member of the organization gave an offset printer and a dry copier to make the masters. Both of the machines are working beautifully, and, as we have an experienced printer, Ron Kreutzer, who understands the mechanism, the quarterly looks good. Our thanks again to all who help make this possible. Again I say THANK YOU MABLE WOLFE.

We have made great strides in bringing more people into the organization, and hopefully into the activities. We encourage greater volunteer participation in advertising, in preparing THE GENIE for publication, mailing THE GENIE and sending in materials to be included in the quarterly.

To those of you who have talents in typing and other skills of that type please let the new president know, to those who have great skills in communicating the spoken as well as the written word, please send in articles, agree to speak and share your experiences with the group. None of us are great orators, nor do we know so much that we cannot learn from others.

In a different vein I would like to call your attention to a great need of your organization (I hesitate to use the word) which is MONEY. We are a growing organization consisting of almost 500 members and we have not raised dues since 1980 and we hope to keep them at that rate, but the need for more income is growing. Since we have a Tax Exempt Number we would ask members if they would make a donation to help out.

For those who donated money for film to be donated to the library it should be arriving soon.

As you might think, I am very proud of the accomplishments of our Officers, Directors and Committees. The past years have given me a wonderful opportunity to work with, be associated with and have fun with some very special people. I thank them all for their dedication and loyalty.

"Into the hands of every individual is given a power for good or evil--the silent, unconscious, unseen influence of his life. This is simply the constant radiation of what that person really

THE GENIE OCTOBER 1984.

is, not what he pretends to be. Every person by the fact that he is living, is radiating something. It may be sympathy, or sorrow, or morbidness, or cynicism, or happiness, or any of a hundred other qualities. Life is a state of constant radiation and absorption; to exist is to radiate and to exist is to be the recipient of radiation. One cannot escape for one moment from this radiation which will be constantly weakening or strengthening others. He cannot evade this responsibility by saying he is not conscious of it, but he can select the qualities he will permit to be radiated. He can cultivate sweetness, calmness, trust, generosity, truth, justice, loyalty, nobility, and many other characteristics and make them vitally active in his character --and by these qualities he will constantly affect the world for the better.

Thank you again for the opportunity and honor you have given me. It has been an experience I will always cherish.

I wish each and every one of you happy hunting for those long lost ancestors, but most of all have an enjoyable experience as you do so.

Fern

RESOLUTION OF APPRECIATION

to Mable Wolfe

Whereas, Mrs. Mable Wolfe, has very effectively supported the Ark-La-Tex Genealogical Association, Inc., and:

Whereas, In March of 1982 Mrs. Wolfe donated a new dry copier and an A.B. Dick Offset Printer, and:

Whereas, In 1982 Mrs. Wolfe very generously arranged for this organization to receive a tax-exempt number so that all gifts to us could be deducted as a donation for income tax purposes, and:

Whereas, All of these gifts have made it possible for this organization to publish other materials and derive funds therefrom, and to publish a more attractive and neat quarterly.

Now Therefore be it Resolved That:

The Sincere Thanks and Appreciation of the Board of Directors and the Members of the Association be extended to Mrs. Mabel Wolfe.

Passed and adopted
this 10 day of October 1984

President
Ark-La-Tex Gen. Ass'n. Inc.

Secretary
Ark-La-Tex Gen. Ass'n., Inc.

SPECIAL REQUEST

I am very proud of the way the ARK-LA-TEX GENEALOGICAL ASS'N., INC. has always responded to the cry for help from the State Archives. In fact we were awarded a certificate for our endeavors in the past. Again they need our assistance. In a letter from LE COMITE DES ARCHIVES DE LA LOUISIANE we are informed that action should be taken to preserve microfilm collection in the Microfilm Room of the Middleton Library at LSU-BR. No security or working copies of the microfilm were ever made and the staff is compelled to make the reels of original microfilm available for research use. As a result, this original film is becoming badly scratched and we have been informed that at least some, and possibly many, reels have been lost or stolen.

Since many of the original newspapers were destroyed following filming, the loss or attrition of this microfilm is also the loss of the only existing copy of the information contained. There is a pressing need for a project to address this problem by duplicating the surviving microfilm to provide working copies to be used by Library researchers and security copies to be stored in the State Archives.

DR. DONALD J. LEMIEUX considers immediate action on this project to be imperative. Unfortunately, the budget for the State Archives precludes such an undertaking unless help from such organization as ours is received, and he is requesting our help.

I am asking each of our members to make a donation for this project. I would like to see it come through this organization so we will know how we are responding. Checks may be made to the ARK-LA-TEX GENEALOGICAL ASSOCIATION and indicate in the place provided that this is for the Archives Project. This is deductible for income tax purposes as we have our tax exempt number now. OR you may make the check payable to LE COMITE, but do NOT make the check payable to State Archives because it is a subsidiary of the Louisiana State Department. Whatever you do, and I sincerely hope you will do something, please send your contribution through this organization. And I THANK you in advance for your generosity and cooperation.

We have never failed in something like this, and I know all the members are vitally interested in this facet of preserving material.

USE THE FORM BELOW FOR YOUR CONVENIENCE IN SENDING YOUR DONATION.

THE SELF FAMILY(cont.)

The story is told that DAVID WASHINGTON SELF was sent home from the Prisoner of War Camp to die. He told them the doctors said the wound would not heal. His wife opened the wound and got some leather out where the shot went through his pistol holster. As soon as this was removed and he began to recover he got on his horse, crossed the Mississippi River and began fighting again. He was paroled in Natchitoches, Louisiana 12 June 1865. He was the first Sabine Parish School Superintendent, and was Tax Assessor 1860 until 1877. In 1860 he was the Census Enumerator, was Sheriff of Sabine Parish 1884 - 1888 and was in the Louisiana State Legislature 1888 - 1892. He and his wife were the parents of 8 children:

1. Ava J. born 21 April 1854, died 12 March 1936 and buried in Toro Church Cemetery. She married 21 Jan. 1874 Isaac Chance and they were the parents of 7 children.

In the July 1977 Natchitoches Parish Notes I wrote an article about the establishment of the community called Vowell's Mill. Since both Vowell men married daughters of Jim SELF i think it would be good to review a little of that history. In the July 1984 issue of THE GENIE the names (initials) as given in the record is not correct. On page 162 it is recorded Martha A. SELF was married to W.G. VOWELLS 20 Feb. 1873. This should read H.G. instead of W.G.. In the marriage of Mary J. SELF it is recorded as W.F. VOWELLS and it should read W.H. These were two sisters who married brothers. Vowell's Mill was named after them because they were responsible for obtaining the first mail route, and also they owned the mill on Spring Chori.

The story is told that the father of the SELF girls went to Texas, however, the story is also told thay before they left Mr. Jim Self died and they buried him on the Vowell Place, and as the rest were leaving early the next morning they went out and found Mrs. SELF lying dead close to his grave. I do not vouch for the authenticity of either of the stories, but I know there was a Vowell Cemetery but it is impossible to find it now.

There are deeds in Natchitoches Parish Courthouse mentioning Indian Territory (I.T.) in which the name SELF appears as well as Vowells. Mr. Gilcrist married one of the Vowell girls and went to I.T.. It is claimed the Self Family had Indian Blood and I assume this is correct because they are mentioned in those deeds.

Wesley Chapel & Cemetery, Tensas Parish, LA

The oldest place of worship in Tensas Parish is believed to be the Wesley Chapel, built about 1852 on a site 10 miles west of St. Joseph on Delta Plantation. The building is still standing with a quaint old cemetery. Many of the pioneer residents of the parish are buried there. The cemetery contains 53 marked graves and many known, but unmarked graves. The earliest marked grave in the cemetery is dated 1843. This date was inscribed on a marble slab, along with the name W.E. FORD and a Masonic emblem. The marble slab covered an old brick vault for many years, but has disappeared the last time I was there, though the vault remains. Submitted by Joyce S. BRIDGES.

ABSTRACTS OF THE HISTORY OF THE HAYNESVILLE UNITED METH-
 ODIST CHURCH 1855 - 1982 Claiborne Parish, Louisiana
 Submitted by Fran HARP NASH

The Haynesville United Methodist Church had it's beginnings in 3 localities on the outskirts of town in the middle of the last century when this section of the country was settled. The Methodist Episcopal Church South was started at "Old Town", the Methodist Protestant Church started as a brush arbor (present site of Shady Grove Cemetery) and Ward's Chapel, later New Salem, was probably begun a few years later than the first two. Land for the first church was donated by J.C. TAYLOR, and a little log church was built and used until it was destroyed by fire. Between 1855 and 1860, a frame church was re-built by Joseph W. CAMP and a Choctaw Indian. Construction was interrupted by the Civil War, but finished after the war. In 1878 or 1879 a storm destroyed the church and it was re-built in 1880 or 1881 by John W. McEACHERN and an old Negro man known as Uncle Gus GILMORE. Some of the lumber was re-used. There was no heat in the church until Miss Lillian BROWN, the organist, started a fund to buy a stove. The last quarterly conference was held at Old Town in 1897, the church was used for other purposes including funeral services until torn down in 1932. Charter members of these pioneer churches were the families of A. N. BROWN, Tom BROWN, Frank BROWN, C.A. BURNHAM, Joseph W. CAMP, Jim MOSS, J.C. & A.C. SALE, and R.A.N. WINN. Now the Haynesville Cemetery is located on this site. In 1900, the First Methodist Episcopal Church South, a frame building built by Crate MOORE, of Homer, was erected on the site where the present church now stands. Destroyed by a storm in 1902, it was re-built by Rev. R.B. KIRKPATRICK, a Presbyterian minister, and Thomas W. CAMP. In 1922 the present brick church was erected, Rev. A.J. GEARHEARD, pastor. The children of Mr. & Mrs. W.Z. TAYLOR donated the pipe organ.

WARD'S CHAPEL or NEW SALEM CHURCH

Although there is no cemetery or other marker to show where Ward's Chapel stood, an old record dated 16 July 1871 stated that a regular church meeting was conducted by John A. MILLER, pastor and John S. BURNHAM, secretary. In 1872, the name of the church was changed to New Salem, signed by presiding elder S.S. SCOTT and R.G. FLURNOY, pastor. Some early members were the families of Luther LONGINO, Jonathan TAYLOR, John S. BURNHAM, BECKET, John CAMP, WHALEY, TRAYLOR, ROWE, FLINT, LONGINO, & UPTON. In 1880 the church was re-located on the "Military Road. Members were the families of Sam TAYLOR, W.Z. TAYLOR, Raleigh DAWSON, John KELLEY, J.A. SEEGER, H.B. McEACHERN, "Tap" WALLER, Hillery GARRETT, William CLEAVER, G.W. YATES, KIRKPATRICK, and HARRIS.

COST: \$50.00 includes postage

Owners of this massive family history will find it eminently useful and almost effortless to use in reconstructing any of their family lines associated with persons in the title. Mr. Hicks employs a unique system to help researchers in this quest. His book is divided into two major parts; Part 1 includes the family lines, HICKS, MONTGOMERY, & WARD, Part 11 - WRIGHT (Wilmington) WRIGHT (Charleston, Savannah), GRAINGER, SHARPLESS, BRADLEY, GREEN, CAMPBELL, de ROSSET, MEARS, MAFFITT, MCKENZIE, & GILES, MORRIS, NIXON & YONGE. Each of the two parts consists of three sections: a complete name index of the persons in that part; a genealogical section of names of person, their dates of birth, death, & marriage, names of spouses, and a biographical section of selected persons listed in the genealogical section. Each person in the index is assigned a number, and this number carries over into the genealogical and biographical sections. Special notes and signs are used where this pattern varies. Mr. Hicks is so successful at simplifying this book that there is little this reviewer can critique; it can only be highly praised. He includes a long list of persons who have helped to provide information and 2½ pages of bibliography. 738 pages, hardcover, 8½X11

ORDER FROM DALLAS GENEALOGICAL SOCIETY
P.O. Box 12648
Dallas, Texas 75225

COST: \$?

When an estate was filed for probate, it was assigned a number. This number is found in all the Probate Books and on the original documents in the probate packets. In about 1935 all of the cases completed were assigned a NEW number and classified as "disposed cases". For this reason the number found in the records is different from the number that the cases are now filed under. To locate the original records, the NEW number must be used. The numbers in this index are the NEW numbers that were assigned to these cases in the 1930's. These NEW numbers appear to have been assigned to these cases by ten year periods according to the time they were completed and all for that year period was put in somewhat alphabetical order and then the process started over the next ten year period. This process was continued for all the completed cases to about the year 1935. The probate cases of Dallas County also include guardianship cases and lunacy cases. Guardianship cases not only pertain to minor children, but to a person of any age who was not able to competently handle his own affairs. Lunacy cases included not only those who were insane or mentally incompetent, but of advanced age who were unable to take care of their own affairs due to senility. 60 pages plus index, softcover 8½X11

TITLE: A BEDWELL FAMILY

ORDER FROM: Larry King

100 Longview Drive

Hendersonville, Tennessee 37075

COST: \$25.00

Thomas Bedwell lived in St. Giles Parish, Cripplegate, London, England in the early 1600's. His son Robert Bedwell came to the New World in 1661 and received a 727 acre land grant on Totuckey Creek at Beaver Dam Branch in Farnham Parish, Old Rappahannock (now Richmond) County, Virginia. A Bedwell Family is a record of fourteen generations of proven Robert Bedwell descendants in America. It shows their growth from the years 1661 to 1982 from one family with seven children to several thousand known families with many thousands of members in all fifty states. Because of the very rare surname, it is believed a very large percent of all Bedwells in America today are Robert Bedwell descendants. 7X10, 328 pages plus index, 143 portraits, bibliography of copyrighted works, 15,770 all names index

Claiborne Parish was created from Natchitoches Parish by an Act of the La. legislature March 13, 1828. However, the Claiborne Parish Courthouse, then located in Old Athens, was destroyed by fire in 1849, and only records filed since that period are available. There are a few brief periods when there are no marriage licenses of record. As for explanation, it is assumed that during the period of reconstruction, some licenses were either lost or not maintained. TITLE: POINTE COUPEE PARISH HISTORY
ORDER FROM: LeComite' des Archives de la Louisiane, Baton Rouge
COST: ?

The history of Pointe Coupee Parish must, without a doubt, begin with the history of Louisiana. Men such as DeSoto, LaSalle, Iberville, and Beenville, who figured so prominently in the exploration of Louisiana, played major roles in the exploration of the Pointe Coupee area. Their discoveries led directly to the establishment of settlements all along the mighty Mississippi. Among the earliest of those settlements was the post at Pointe Coupee. From the beginning, the survival of this fragile little post, as well as the survival of the entire Louisiana colony, was threatened. At times, it was questionable whether or not the Louisiana settlers could endure the Indian attacks, the isolation, and the lack of supplies. But survive they did, and after a time they began to prosper. Today, the accomplishments of those first settlers of Louisiana

and Pointe Coupee can be proudly remembered by their descendents.

Part I of this book is the history section. It consists of a collection of articles, written by a variety of Louisiana writers and historians, on topics selected by the committee as being the most representative of the parish.

Part II is the family history section. These family histories were compiled by persons who traced their roots back to Pointe Coupee. Many of these families reside in the parish today, but a surprising number of contributors live outside the parish and in some cases, the state of Louisiana. Many families can trace their lineage back to the earliest settlers. Some of the families are Allain, Barbre, Bouis, Bueche, Chatelain, Claiborne, Curet, DeCuir, Ducre, Guerin, Humblot, Jarreau, Joffrion, LaCour, Mayeux, Pinsonat, Porche, Ricard, Roubique, Sicard, Trudeau, Villeret. 355 pages, plus index, portraits, 8½X11, hardback

The ARK-LA-TEX GENEALOGICAL ASSOCIATION is proud to announce the publication of ANCESTRAL CHARTS, Volume 1. Over the years many people have contributed pedigree charts for publication in THE GENIE. Now we have gathered these together to publish in book form. Some have never been in print before. As you read this, the first volume is being printed, and two more are in the preparation stage.

This first volume contains 200 pedigree charts and several hundred surnames. Many people furnished extra material and information along with their charts. Space has been provided for this information also. The second section of the book contains lists of children other than the ones on the charts, other marriages, family traditions, military service, and other items for which there is no room on a pedigree chart.

Below you will find an order form. Why not order your copy of ANCESTRAL CHARTS, Volume 1 today?

PRIVATE LAND CLAIMS

BY: Fern Ainsworth

ORDER FROM: RESCO - 130 Boyd Street - Natchitoches, LA 71457

Prior to 1763 France had granted land in the area known as Louisiana. After that date England granted land east of, and Spain granted it west of the Mississippi River. At the end of the Revolutionary War in 1783; with the purchase of Louisiana in 1803; and with the acquisition of Florida the United States had acquired a vast amount of land for which it was responsible. This area known as PUBLIC DOMAIN naturally became very desirable. Since some of this land had already been granted by the previous owners it became necessary for those who held it to prove their lawful right to it. The following publications are an index to those claims. When ordering be sure to specify PRIVATE LAND CLAIM.
